**Tennis    1st-2nd    \$330    3:15-4:15 PM**  
 This class emphasizes a systematic, modern and fun game based approach to tennis instruction. While improving hand-eye coordination, agility and racket-handling skills, students learn to execute strokes and sustain a rally using forehands, backhands, and volleys. *Taught by Michael Sudberg*

**Speech and Debate    1st-2nd    \$330    3:00-4:00 PM**  
 Speaking through a number of games and project based learning activities. Students will learn about the three pillars of rhetoric and how to apply them so that they may become confident persuasive speakers. This class will include: debate, impromptu speeches, informative speeches, persuasive speeches, critical thinking and fallacies in reasoning, improvisation, creative writing, speaker-audience commonality (identification), cold calls, counter arguments and more. *Taught by Dedimus Potestatem*

**Speech and Debate    3rd-4th    \$330    4:00-5:00 PM**  
 Speaking through a number of games and project based learning activities. Students will learn about the three pillars of rhetoric and how to apply them so that they may become confident persuasive speakers. This class will include: debate, impromptu speeches, informative speeches, persuasive speeches, critical thinking and fallacies in reasoning, improvisation, creative writing, speaker-audience commonality (identification), cold calls, counter arguments and more. *Taught by Dedimus Potestatem*

**\*NEW\* Intro to Stop Motion    3rd-6th    \$330    3:30-4:30 PM**  
 Do you like cartoons? Did you know you can make your very own cartoon with only some clay and a camera? Over the course of this after school class, students will be using stop-motion animation techniques and industry standard pre-production storytelling methods, while receiving expert animation instruction. At the end of the course each student should have made a 30 second film using only Model Magic Modeling Clay and an iPad! *Taught by Isaac Losacco*

**Robotics    3rd-6th    \$330    3:30-4:30 PM**  
 Practice programming while making Dash and Dot sing, dance, move, and react to the environment around them! Using the Learn to Code Curriculum developed by Wonder Workshop, students will practice computational thinking and 21st century skills with Dash and Dot. *Taught by Jacqy Chung*

**ATHLETICS PROGRAM**

**Intramural Basketball    4th ONLY    \$200    Practices: Mondays 5:00-6:00 PM Games: Wednesdays 5:00 PM**  
 Students will participate in a one-hour practice session on Mondays which will include drills focus on fundamental skill development within the game, including dribbling, shooting, passing, and proper defensive technique. The program will also include at least 1 game each Wednesday to be played against other Stevens 4th Grade teams on a rotational basis. *Coached by Michael Castelluccio*

- Hoboken families are responsible for arranging transportation to and from Newport and may be dropped off in Newport aftercare beforehand.
- Students may stay in afterschool until the start of their practice and will be walked down to their respective practice location.
- Students traveling on their own must arrive by 5:00 p.m.
- Students will also be required to arrive in proper athletic attire, shorts or athletic pants and sneakers with their own water bottle.
- Once the season starts and team rosters are finalized, each student will receive their own team shirt to be worn for each Wednesday's game.

**Pickup Information:**

We ask that you wait outside the gym during practice in order to allow the players to stay focused on the activity at hand for the entire length of practice. Once practice is over, parents may pick their child up directly from practice. Parents are welcome to attend games on Wednesdays as the Newport gym will be set up to accommodate spectators for each intramural game.

**TUESDAY 13 Weeks**

**AFTERSCHOOL SPECIALS**

**Tumbling K \$520 3:15-4:15 PM**

Class begins with a musical warm-up that focuses on stretching and building excitement. Students are then guided through a dynamic circuit of tumbling equipment and props where they will build space relations, motor skills and physical fitness. *Taught by Travelin' Tumblers*

**Bollywood Dance K-1st \$450 3:00-4:00 PM**

Our Bollywood class for the younger students is designed to work on basic form, technique, and spatial positioning. Our students are taught to focus on learning to work together as a team while memorizing choreography using simple cues. They learn to focus on the beat and work towards their transitions on stage. Students have opportunities to participate in our Company recital held at the end of the semester. Costume for the performance is included, but additional ticketing charges apply for attendees for the recital. *Taught by Shehnaaz Dance Academy*

**Gymnastics 1st-2nd \$520 4:15-5:15 PM**

Class will begin with a musical warm-up that focuses on stretching. Students will then be guided through a dynamic circuit of equipment and learn basic routines and floor work. *Taught by Travelin' Tumblers*

**\*NEW\* Bollywood Dance 2nd-5th \$450 3:00-4:00 PM**

Our Bollywood class for the more advanced students focuses on more complex steps and combinations including infusing various classical dance forms into our routines. The students will learn to listen to musical cues, time their moves with respect to the beat and work as a team to strengthen their expressions and skill set. Students have opportunities to participate in our Company recital held at the end of the semester. Costume for the performance is included, but additional ticketing charges apply for attendees for the recital. *Taught by Shehnaaz Dance Academy*

**Beginner Guitar 2nd-6th \$360 3:00-4:00 PM \*ONLY 12 CLASSES (no class 12/3)\***

"My group guitar class enables prospective students to learn the guitar, its parts, and basic elements. In my class, students learn to respect music, better channel the ears through ear training games, and to see that at the end of the day, it's not that hard. If you work hard and go for it; you can have fun with music, for life!" - Rafael Rosa, under the direction of Holly Hampton

- Small group lessons for 3rd-8th Grade students.
- Students must bring their own guitar.
- For students first learning to play Guitar

*Taught by Rafael Rosa*

**Intermediate Guitar 2nd-6th \$360 4:00-5:00 PM \*ONLY 12 CLASSES (no class 12/3)\***

"My group guitar class enables prospective students to learn the guitar, its parts, and basic elements. In my class, students learn to respect music, better channel the ears through ear training games, and to see that at the end of the day, it's not that hard. If you work hard and go for it; you can have fun with music, for life!" - Rafael Rosa, under the direction of Holly Hampton

- Small group lessons for 3rd-8th Grade students.
- Students must bring their own guitar.
- **ONLY for students who have taken Beginner Guitar previously**

*Taught by Rafael Rosa*

**Dramatics Arts 2nd-6th \$390 3:00-4:00 PM**

This program is designed for youth/children with no experience, but easily incorporates and showcases students with previous training and skills. As with anything, fundamentals are the key; skill, growth and polish comes with time and experience. Age appropriate materials, toe-tapping original music, a grounding in the classics, and great scripts help young students develop their passion for performance and communication. Students will rehearse their production in the pursuit of a performance during the final class session. *Taught by American Youth Theater*

**WEDNESDAY 11 Weeks (no class 10/19 and 11/27)**

**AFTERSCHOOL SPECIALS**

**Dance K-2nd \$330 3:30-4:30 PM**

In this Zumba inspired class, students will “Dance Around the World” in rocking, high energy dance parties filled with kid-friendly routines and activities. The class instills fitness as a natural part of children’s lives while incorporating key childhood development elements such as leadership, respect, teamwork, self-esteem, memory, creativity, coordination, balance and cultural awareness. *Taught by Celebrate Life Studio*

**Hand Sewing and Fiber Arts K \$330 3:30-4:30 PM**

Students are introduced to hand sewing, weaving and fiber art crafts using embroidery thread, yarn, fabric and other related items. There will even be some limited highly supervised machine sewing to get kids ready for our 1st grade sewing class. Projects will include toys, accessories, wearable items, wall hangings, and more. *Taught by MAvery Designs*

**Fashion Lab 1st-2nd \$330 4:30-5:30 PM**

Students are taught basic sewing and design skills to create popular projects for each age group. Projects include fashion accessories/bags, clothing, stuffed animals, toys and home decor items. Students work on projects using a sewing machine as well as hand sewing using a needle and thread. Experienced stitchers will be challenged with new skills and projects. *Taught by MAvery Designs*

**Instructional Basketball 1st-2nd \$330 3:15-4:15 PM**

Students will improve individual skills as well as team working skills in this developmental class. Players will be taken through various exercises, drills and games to improve their basketball skills. This clinic will help prepare 1st and 2nd graders for their 3rd grade basketball experience. *Taught by Michael Sudberg*

**Instructional Basketball 3rd-5th \$330 4:15-5:15 PM**

Students will improve their skills and build their love of the game through various drills designed to challenge and develop their passing, dribbling and shooting. Class will also emphasize team building and good sportsmanship. Open to new and returning 3rd-5th grade players in preparation for future competitive experiences. *Taught by Michael Sudberg*

**\*NEW\* Dungeons and Dragons 3rd-8th \$390 3:30-4:30 PM**

“Dungeons and Dragons is a fun and highly-cooperative game that stimulates your child’s imagination and encourages thoughtful action. Kids will learn the basics of role-playing games while honing critical thinking, problem-solving, and emotional intelligence skills via a custom fantasy adventure we’ll build together.” *Taught by Christopher Dooley*

**THURSDAY 12 Weeks (no class 11/28)**

**AFTERSCHOOL SPECIALS**

**Beginner LEGO Engineering K \$360 3:30-4:30 PM**

Bricks 4 Kidz Lego Engineering classes explore architecture, engineering and technology. Students build a new project each week using LEGO® bricks and elements. The class provides a fun, hands-on learning and building experience focused on STEM concepts. The goal of this course is to provide a learning experience for children that encourages critical thinking, creativity, organizational skills, problem-solving, and teamwork. *Taught by Brick4Kidz*

**\*NEW\* Superheroes Club K-1st \$480 3:30-4:30 PM**

If there's one thing kids these days love, it's superheroes! These occupational therapy led classes involve yoga poses, balancing activities and other strengthening techniques. Become part of our Superhero Club and help your child develop their coordination and strength in a fun, creative way! Give your child the power to become their own superhero and go beyond their limits today. *Taught by Connect the Dots OT*

**\*NEW\* Creative Exploration PreK-K \$360 3:30-4:30 PM**

Students focus on process art that allows them to express themselves with variety of techniques and medium. Open ended projects will reinforce their knowledge of the elements of art with materials such as modeling clay, beads, pipe cleaners, textured papers and watercolor. In addition, students will call on their imagination through sketching exercises aimed to strengthen their creative thinking and drawing skills. *Taught by Josey O'Mara*

**Intermediate LEGO Engineering 1st-2nd \$360 4:30-5:30 PM**

Bricks 4 Kidz Lego Engineering classes explore architecture, engineering and technology. Students build a new project each week using LEGO® bricks and elements. The class provides a fun, hands-on learning and building experience focused on STEM concepts. The goal of this course is to provide a learning experience for children that encourages critical thinking, creativity, organizational skills, problem-solving, and teamwork. *Taught by Brick4Kidz*

**Mock Trial 1st-4th \$360 4:30-5:30 PM**

Mock trial is a hands on simulation of the American judicial system. The goal is to help participants acquire a working knowledge of our judicial system, develop analytical abilities and communication skills, display leadership in a court of law, and gain an understanding of their obligations and responsibilities as participating members of our society. Materials for this course are provided by The American Bar Association and The Constitutional Rights Foundation. *Taught by Dedimus Potestatem*

**Instructional Soccer 1st-2nd \$360 3:00-4:00 PM**

Students build their soccer skills and enjoyment of the game through participation in a variety of individual and partner activities as well as game experience. The rules and structure of the game will be taught through team building activities. *Taught by Terence Ermita*

**\*NEW\* Advanced Coding 5th-8th \$480 3:30-4:30 PM**

The Coding Space, affiliated with Private Prep, is an enrichment program where students learn to tackle challenges independently through learning to code. Our classes provide individual attention through a 4:1 student to teacher ratio and a self-paced, project-based curriculum. We focus on fostering intellectual confidence, a growth mindset, and computational thinking skills through coding. *Taught by The Coding Space with Private Prep*

**ATHLETICS PROGRAM**

**Intramural Flag Football 5th-8th \$200 4:00-5:00 PM**

Students will participate in a one-hour session, which will include a short period of physical fitness warm up, skill instruction, and team strategizing, to begin followed by a game. All sessions will take place at Newport Green in Jersey City. *Coached by Jordan McKeon and Terence Ermita*

- Hoboken families are responsible for arranging transportation to and from Newport and may be dropped off in Newport aftercare beforehand.
- Students traveling on their own must arrive by 4:00 p.m.
- Students in the Newport afterschool will be walked over to Newport Green (Newport).
- Students will also be required to arrive in proper athletic attire, shorts or athletic pants and sneakers with their own water bottle.
- Once the season starts and team rosters are finalized, each student will receive their own team shirt to be worn for each Thursday's game.

**Pickup Information:**

Once the session is over, parents may pick their child up directly from practice. Only middle school students who have parental consent to self dismiss will be allowed to leave directly from Newport Green. All other students will be walked back to the Newport building, where they may stay up until 6:00 p.m. when a parent or guardian must pick them up.

**FRIDAY 12 Weeks (no class 11/29)**

**AFTERSCHOOL SPECIALS**

**\*NEW\* Coding through 3D Video Game Design**      1st-2nd      \$480      3:30-4:30 PM

One of the best ways to get a child excited is to allow them to create something of their own. In this class, we enable young kids to make their own 3D video games by using fundamental coding concepts. Children will create games such as Pac-Man, King of the Hill, and their very own superhero adventure game! Students are encouraged to personalize every game by adding in their own ideas. Learning to code at a young age allows children to exercise critical thinking, creative expression, and apply logical reasoning. *Taught by CodeAdvantage*

**\*NEW\* Introduction to German**      2nd-5th      \$420      3:30-4:30 PM

Students are introduced to the pronunciation and spelling of the German language and the differences to English. After this program, the participating children can read and pronounce short German texts and will be able to keep learning the language on their own using tools like Duolingo. Activities will include reading, singing, German games, as well as logic exercises. The fee includes all the learning material. *Taught by Nicolas Jacobi*

**Speech and Debate**      5th-8th      \$360      3:30-4:30 PM

Speaking through a number of games and project based learning activities. Students will learn about the three pillars of rhetoric and how to apply them so that they may become confident persuasive speakers. This class will include: debate, impromptu speeches, informative speeches, persuasive speeches, critical thinking and fallacies in reasoning, improvisation, creative writing, speaker-audience commonality (identification), cold calls, counter arguments and more. *Taught by Dedimus Potestatem*

**ATHLETICS PROGRAM**

**\*NEW\* Running Club**      3rd-8th      \$200      Practices: Friday 3:15-5:00 PM      Meets: Weekends throughout the Fall

Students will be walked by a coach from their home campus to Pier A in Hoboken to participate in a one-hour practice session one day a week focusing on proper stretching and race technique across shorter distance and Cross Country disciplines. Meets will take place on weekends in age appropriate divisions within the New York Road Runners, Colgate Games, and the Jersey City Armory programs. *\* Coached by Donovan Williams and Melynda Bowie*

**\*While there will be meets scheduled throughout the year, registration only covers the Fall season. Student-athletes who intend to participate year-round will be required to re-register for the Winter/Spring season.**

Proposed Fall season meets include:

- Sept 29th New Balance Bronx 10 Miler - Cross Country
- Oct. 6th Harry Murphy Cross Country - Cross Country
- Oct. 19th NYRR Jamboree - Track and Field
- Nov. 24th Race to Deliver - Cross Country
- Nov. 17th Fred Lebow - Cross Country
- Dec. 14th Jingle Bell Jog - Cross Country
- All team members will be walked from their home campus to Pier A for a 3:30 p.m. start time, for full one hour practice.
- Students will also be required to arrive in proper athletic attire, shorts or athletic pants and sneakers with their own water bottle.
- Once the season starts and team rosters are finalized, each student will receive their own team shirt to be worn for each meet.

**Pickup Information:**

Once practice is over, parents may pick their child up directly from practice. Only Middle School students who have parental consent to self dismiss will be allowed to leave directly from Pier A. All other students will be walked back to their respective buildings no later than 5:00 p.m. Meets will take place at a variety of venues. A complete schedule of dates, times and locations will follow once final rosters have been set and details have been finalized.

**Registration:**

- Registration will open Wednesday, August 28 at 7:00pm.
- Registration is online only.
- The link to register can be found here, as well as on the Early Morning/Afterschool Care page of our website or on the Families Page of the website, when you log in.
- If your child attended summer camp at any point since 2016 or afterschool specials since 2016, you will use the username and password you have already created for your account. If your child did not attend those programs, you may simply create a new family account. If you have forgotten your password, please click "Forgot your login information?" under the account sign-in.
- **Upon registration and after selecting your classes, you will need to enter the new password "stevensfall" to register and pay.**

**Timeline:**

- Online registration opens: Wednesday, August 28 at 7:00pm.
- Registration closes: Tuesday, September 10 at 10:00am.
- Classes run the week of September 17 through the week of December 10 (dates may vary by class).
- If necessary, make-up sessions for cancelled classes will be held the week of December 17.

**Notes:**

- Students need to be within the grade levels listed for the class or sport.
- Payment for classes must be made online by credit card or e-check when registering.
- Parents will be notified before afterschool classes begin if enrollment is too low to run the class.
- All family accounts must be current in order for a family to register their child.
- Athletics game schedules and location details will be shared with enrolled families once details are finalized.
